[Redacted Box]

We have been advised by Congressman George Huddleston, Jr. of your interest in obtaining Federal employment in Frankfurt, Germany, or at any other European location.

We would be glad to consider your application for general employment with this Agency but, as a matter of policy, we do not appoint new employees for direct assignment overseas. Our experience has shown that a period of duty in our headquarters office in Washington, D. C., is necessary to provide the familiarity with our activities and procedures required for effective performance of duty at an overseas post. Furthermore, our field stations are staffed by career personnel of the Agency who rotate between assignments in our headquarters office and various overseas locations. The timing and location of possible future assignment overseas would necessarily be subject to our personnel needs and we cannot in fairness make any commitment to an applicant concerning these needs. If you would be interested in applying for a position with us under these conditions, we shall be glad to give your application every consideration. We would need additional information about your background and experience in this event and we are therefore enclosing a set of application forms for your use.

In the event that you wish to restrict your present exploration of employment opportunities to those agencies which might offer immediate assignment overseas, it is suggested that you write to the Department of Defense, United States Information Agency, and the Agency for International Development. The address "Washington 25, D. C." is sufficient for each of these agencies.

We appreciate your interest in Federal service and hope that the information provided above will be helpful to you.

Sincerely,

E. D. Echols
Director of Personnel
